## LONG MAY THE RELATIONSHIP CONTINUE

I would like to put on record how much we value the unique links we have established with Devon Cricket. It is always a great pleasure to welcome you, your management group and of course the U15 Devon cricketers to the 'Mother City'. Your annual visits are now an important feature in our calendar of special events, indeed they have become something of an institution.

Over the thirteen years that your tour has graced our shores it has done so much to enrich the lives of many young cricketers. You must be delighted that several of the players who visited South Africa have graduated from the Devon youth development scheme to become successful first class players and

indeed to represent England at international level. The tour may well have helped by providing an additional layer of experience.

The exchange programme, developed as a consequence of the tour, has been of great benefit to a number of our young players. It enabled them to gain knowledge of overseas conditions through playing for clubs in the Devon League and several have become established Franchise players while J.P Duminy, Vernon Philander and Beuran Hendricks have represented South Africa at international level. JP and Vernon share the distinction of actually playing for Devon CCC as overseas players in the C & G one day national county competition!!

Long may the relationship between Devon Cricket and Western Province continue to enhance the lives of some of our best young cricketers.

We look forward to your fourteenth tour in 2015.

Nabeal Dien  
General Manager WPCA.

## TOUR HAS ADDED GREAT VALUE

The Skukuza Cricket Club would once again like to welcome our friends from Devon. This annual tour is definitely one of the highlights on our cricket calendar and hasn't only become a permanent fixture but also a tradition between the Devon U/15 cricket team and Nelspruit Hoërskool.

The Devon tour has added huge value to local youth cricket not only by exposing our youth to "overseas" competition but also with coaching

clinics, equipment and sponsorships, for which we are very grateful. You will also be the first touring side to fly directly from Johannesburg to Skukuza and Cape Town, which in itself is a small piece of history.

I trust you will enjoy what the Kruger National Park has to offer and hope your expectations will be met. The extent of your tour will take you to the two most visited tourist destinations in South Africa, namely Table Mountain and

the Kruger National Park, two world renowned icons indeed.

Lastly but definitely not least, I would like to commend Alan Swift for his commitment towards youth cricket and the sport in general. It is people like Alan who ensures that the traditions and development of the sport will never fade.

## COACHES

### SANDY ALLEN

This will be Sandy's first tour. Currently completing his L3 ECB Coaching Award.

A right hand bat and wicket keeper he has played for Warwickshire, Devon and Minor Counties Representative XI.

In 2014 he was a member of the Devon side that won the Minor Counties Knock Out cup.

### MATT COOKE

Having toured South Africa as a player in 2003 this will be Matt's third visit to South Africa in a coaching capacity. A Level 3 coach and left hand bat he represented Devon at all county age group levels and plays for Sidmouth in the Devon Premier League.

### CHRIS READ

This will be Chris's third tour though this year he will only be with us for the Cape Town sector due to ECB Level 4 commitments.

A highly respected player at first class level he played 15 tests, 36 ODIs for England as a wicket keeper and right hand bat. He is captain of Nottinghamshire and finished the 2014 season with a total of 14191 first class runs as well as taking 920 catches and 48 stumpings. A graduate of the Devon youth cricket programme he still finds time to support the development of young cricketers in the county and is patron of the David Shepherd Cricket Trust. Naturally we are delighted to have him as part of the coaching staff

# THOSE WHO MAKE THE TOUR A BIT SPECIAL

Since our first visit in 2002 around two hundred young cricketers from Devon have visited South Africa and, judging by the very positive feedback, have derived great benefit from the experience. There is little doubt that the opportunity to play against capable and competitive opponents in unfamiliar circumstances contributed to their cricket education.

However, while cricket development is the principal reason for travelling 6000 miles, it would be wrong to measure all the benefits purely in terms of runs scored, wickets taken and matches won or lost. South Africa is a strikingly beautiful country with sharply contrasting landscapes capable of satisfying even the most demanding traveller. While Kruger provides the classic Africa with wonderful wildlife, Cape Town is a vibrant modern city but with the dramatic background of Table Mountain to remind you that you are visiting somewhere rather different and special.

While the contrasting beauty is obviously appealing it is the human rather than the physical geography which many would find more interesting. Those who have made several visits over the last twenty years will almost certainly bear witness to South Africa as a country now emerging from a troubled recent history.

How you might ask does this situation provide our young travellers with a more general educational experience to that provided through visiting as part of a packaged tour through travel companies?

The answer to such a question requires recognition of the relationships built up over the years with capable and generous people in Kruger and the Western Cape, people who have become good friends of Devon cricket. It is through their generosity and help that our young visitors have the opportunity to meet people from contrasting backgrounds and cultural differences as well as gaining access into places of interest usually 'off limit' to tourists.

## KRUGER

About the same size as Wales and the animals are truly wild, no manicured reserves here. Two husband and wife teams have been the principal hosts for all our previous thirteen tours.

### Frik Rossouw

Frik is a senior investigator with SAN Parks Special Projects who has been actively involved in trying to curb the illegal poaching of rhino in Kruger. However it is through his work as Mr Cricket at Skukuza Cricket Club, a lovely ground situated within the wildlife park, that we have got to know him so well. Without his generous support the rather special experience we enjoy in Kruger would not be possible.

*Jannie's potje-well worth queuing for!*

### Jannie Geldenhuys

Head Teacher at Skukuza Primary School Jannie has been a feature of our visits to Kruger since the first tour in 2002. Indeed on our second visit he acted as a guide on an evening game drive. He is very much involved in school sport in Mpumalanga Province. Including athletics and of course cricket. Remembered by previous tourists for his delicious Potje, a traditional dish introduced by the Voortrekkers in the 1880s. He has never forgiven me for referring to it as a 'stew'

### Petro Rossouw and Isabel Geldenhuys

Wives of Frik and Jannie, words cannot express our gratitude for the work these two ladies have done to feed the hungry cricketers on each of our thirteen visits. Petro is a police officer based in Skukuza and takes some of her annual leave, to make sure we are all well catered for while Isabel is a teacher at the local Skukuza Primary School.

## CAPE TOWN

Referred to as the 'Mother City'. A major world tourist destination. Boasting spectacular Table Mountain as a backdrop.

### Nabeal Dien

The introduction to Nabeal though Roger Newman in 2001 turned out to be the crucial link for future tours to Cape Town and the subsequent establishment of a successful development exchange programme. Nabeal is now General Manager of Western Province Cricket Association but his continuing involvement and help is as valuable now as it was back in 2001.

### Michelle Ernsten

A delightful and capable lady who is PA for Nabeal at Newlands. She has a good working knowledge of the youth structure in Western Province and has been a valuable and reliable link since the first tour in 2002.

I will consider it one of my great achievements if I can someday persuade her to call me Alan as opposed to Mr Swift!!

### Shaheem

'Mr Fixit.' Shaheem has organised our transport in and around Cape Town since our first visit in 2002. A lively and very likeable character he spent some years teaching at secondary level in Cape Town, very popular with all the boys— just ask them.

To us he is much more than simply the transport man Shaheem appears to know everybody in Cape Town!.

A very street wise and caring individual he ensures that the boys have an enjoyable and safe time. With Shaheem around parents can rest assured that their sons are in good hands.

# DREAMTIME IS NOW OVER. TIME TO MAKE MORE MEMORIES!

Having visited Australia, last spring, I was fascinated by the Aborigine art and to find when taken to a small cricket museum in Harrow, rural Victoria, to find that it was an Aboriginal side that first went walkabout in England in 1868, 10 years before a white Australian side! Many of them learnt to play on sheep stations owned by immigrants from Devon, yes Devon and they also visited Devon and sailed from Plymouth on their way home.

So your dreamtime is now over; all those years wondering if you might make the side to Tour SA and I know that players and parents do this; its now your time, your time to start making more memories.

And what a memorable season you the Devon U14s 2014 have just had. You gelled well and played to your strengths as a Team; you played some fantastic cricket; scored over 270 five times; the bowling attack was strong

and balanced; the fielding generally of a high quality and you won your fourth Taunton Festival out of five that you have played in, surely unsurpassed by any other Devon side. Tom Lammonby played for the West of England U15s a year early at the Bunbury Festival, and Tom, Sam Maunder, Kazi Szymanski and Tom Williams all played for the U16s or 17s and did themselves proud. To cap it all it was the hottest summer since 1976 and along the way you also had some fun! Yes there is room for improvement, but it can't be bad can it; plenty of great memories, memories you will remember and share for the rest of your life - although the Gloucestershire result will haunt me and I hope you too!

So memories are better than dreams or are they? Well I think they are but there is no harm in dreaming as you can have an effect on your future; it is within your control what

commitment and effort you put in pre tour and on tour and for that next season and the rest of your life! It up to you!

So enjoy SA; at times it will be difficult and very challenging but don't give in, show your character; listen and learn from the experience as it will be for some of you a life changing experience. Make a difference to the Tour, whether it is on the field of play or as a tourist.

It's a long time since I saw them last but say hello to all our friends in SA. Enjoy and embrace the amazing scenery, wildlife, food, culture and hospitality. I look forward to hearing all about it when I see you next. Remember memories are better than dreams; so now make some more!

# MUTUAL BENEFIT

A by-product of the annual tour has been the emergence of a Development Exchange Programme 'providing older players (generally around the age of 19) from South Africa to visit Devon whilst players from Devon have spent part of the winter in Cape Town.

Several players who played in the Devon League as part of this venture went on to play first class cricket in South Africa, in fact J P Duminy and Vernon Philander have become established test players whilst Beuran Hendricks has played ODI cricket.

In 2014 Zubayr Hamza made a spectacular contribution in helping Paignton CC gain promotion to the Devon Premier League. In fact he made the highest number of runs, (772 at an average of 64), scored by an individual in all divisions. At Tavistock Thockozani Peters, a medium paced seamer, helped the club gain promotion to the A Division.

Another venture in 2014 saw two younger cricketers from Cape Town, Mika Ekstrom and Gavin Kaplan spend four weeks on a cricket/ educational visit Capable young cricketers they coped well with the demands of senior club cricket at Paignton and Sidmouth including games in the Devon league for Paignton. Their attitude and conduct throughout their visit impressed everyone who came into contact with them.

## Reflections on the 2014 tour by Billy Rudolph

South Africa was an incredible trip for everyone who went. It offered us new and unique cricketing and social experiences that all of us will remember. We stayed in two fantastic locations: Kruger and Cape Town and enjoyed six games of highly competitive cricket, including two day cricket that few of us had played before. The cricket, accompanied by several entertaining trips and activities, made the trip thoroughly enjoyable and memorable.

Our first destination was Kruger Park where we stayed in the stunning Kruger Gate hotel where we were surrounded by some of South Africa's wildlife, particularly monkeys who took an interest in stealing our swimming shorts at night! We played 2 games at the local ground Skukuza CC where the team battled well in particularly hot and humid conditions. In the evening in Kruger we were spoilt with generous hospitality and dined out in the bush and were served delicious native food. We also went on several safari rides in the national park where we could get up close to many incredible wild animals.

Then we travelled south to Cape Town which was completely different to Kruger yet wonderful all the same. We played four games of cricket in Cape Town and won two of them which was a great effort from the team. Harvey helped us on our way to victory with back to back hundreds, a feat that has never been achieved on this tour. It was a great experience for us to play against such strong teams particularly Western Province U15 and they really tested the character of the

team. We played against some extremely tough cricketers and I'm sure that Noah, who retired hurt after 3 balls against Western Province, will tell you not to mess with South African fast bowlers! We also had the opportunity to have a nets session at Newlands Stadium, home of the Cape Cobras, where Chris Read gave us a "batting against spin" master class. Chris's vast wealth of cricket knowledge and experience was very valuable to us as he was able to pass on tips and advice for us to improve.

During our stay in Cape Town we went on some fantastic trips that included visiting Table Mountain, Robben Island and Boulders Beach. Going to the Langa Township was an eye-opening experience that gave us an insight into the struggles many South Africans go through. Despite their tough backgrounds the team compiled of boys from townships gave us a lesson in how to play cricket! On all of our trips we were greatly entertained by our eccentric bus driver Mo who was a lively character and definitely worth chatting to.

The trip to South Africa was unforgettable for the whole squad. We played some fantastic cricket as a team and experienced the South African wildlife and the country's unique culture. The team is very grateful to Alan and his crew for organising the tour and taking care of us.
