

Devon Cricket Development Tour to South Africa  $4^{\text{th}}$  to  $21^{\text{st}}$  February 2016

# PLAYER & PARENTS GUIDE BOOKLET

# To The Players

The principal reason for travelling 6000 miles is to provide you with the opportunity to widen your cricket experience through playing against capable and competitive opponents in unfamiliar conditions. Nobody can demand that you must win every match you play- that has not happened on any of the previous tours! What we do ask is that you strive to maximise your potential to the benefit of yourself and the team. We have established valued relationships with key people in South Africa, individuals who have become good friends Devon cricket. It is through their generosity of spirit that about two hundred young cricketers have been afforded a unique insight into a country rich in it's diversity of people, cultures and geography. Insights that are simply not available from glossy brochures selling packaged holidays. The cricket will certainly add a layer of experience to your development as young players. How much you benefit will depend on the extent that you want to learn and improve. Good coaches can hep but ultimately the desire has to come from within. Nobody can learn for you!

Don't be too insular either as an individual or a group. Take the opportunity to talk to people you meet and gain some insight into their way of life, If you do South Africa and It's people will repay you, with interest.

#### Medical

We have received a consent and medical form. <u>If there are any</u> changes please let us know.

#### Anti Malarial Tablets

The tablets should be kept safely in your hand luggage. Kate Warren and Matt Cooke will check that you have them at the coach pick-up points. They will be collected and kept by a member of staff during the tour and allocated each day. Please ensure that the box is CLEARLY MARKED WITH YOUR NAME.

The most common commonly prescribed tablets are Malarone which have been effective and tolerable on all previous tours. If

South Africa Tour 2016 – Information Booklet your doctor prescribes anything different please let us know in advance of the tour so that we can familiarise any particular side effects and ourselves with how the tablet should be taken.

**Note:**-You will probably need to take your tablets BEFORE we leave England.

i.e. malarone will need to be taken on Wednesday and Thursday).

# Be aware of over exposure to the sun.

Have an ample supply of high factor (30+) sun tan lotion and after sun available from the outset. It is preferable to come back "cool" white rather than "red" burnt.

# Packing Suggestons

#### Travelling Kit

Polo shirt, County track suit bottoms, smart trainers/shoes, On flight to SA pack a pair of shorts in your hand luggage – SA is much warmer than UK at this time of year!

On domestic flights:-As above but wear shorts rather than tracksuit bottoms.
